

Your Green Dots Here

A green dot is any behavior, choice, word, or attitude that promotes safety for everyone and communicates utter intolerance for rape, partner violence, and stalking. A green dot is intervening in a high risk situation – a green dot is looking out for your friends at a party, a bar or other high risk situation – a green dot is offering training to employees on green dot – a green dot is hanging a prevention poster in your room or place of work – a green dot getting your student or community organization to be trained on green dot prevention – a green dot is putting a link on your facebook page to your local prevention program - a green dot is wearing your green dot gear. A green dot is simply your individual choice at any given moment to make our community safer.

there

and everywhere
